Ebara Technologies Inc. hosts SEMI Americas Management in Sacramento, CA

April 25, 2023 – Sacramento, CA

Ebara Technologies Incorporated, ETI, hosted SEMI Americas to meet with ETI's Executive & Leadership Teams in Sacramento, CA. The meeting highlighted SEMI's current activities and the benefits of SEMI membership. SEMI provided updates for the North American semiconductor market along with their advocacy for the CHIPS and Science Act. SEMI outlined its top goals for Path to Zero, War for Talent and Supply Chain Redesign through the SMART Initiative programs.

The open exchange regarding ETI's current engagement and potential reinforced the benefits of membership to gather market information, create opportunities and marketing channels that highlights Ebara's products and services to buyers and partners around the world. "Meeting with SEMI was informative and provided ETI with a greater understanding of SEMI's ongoing activities and membership benefits. I encourage ETI to engage and utilize SEMI to the fullest in each area as it relates to supply chain challenges, environmental sustainability, workforce development and enhanced networking through exhibitions and sponsorship opportunities" Sachin Paradkar, President & CEO.

(L-R)

- Stan Corum - Chief Financial Compliance Officer
- Brian Lutolf - VP of Operations
- Sachin Paradkar – President and CEO
- Eric Rude - Senior Manager, Corporate Engagement SEMI
- Joe Stockunas –President, SEMI Americas
- Mark Perry - VP & GM Global Component Division
- Don Roberts – Sr. VP & GM Global SED Division
- Toshikazu Yajima - Director, Strategic Global SED Division

About EBARA Technologies, Inc.

EBARA Technologies, Inc. is a U.S. based subsidiary of EBARA Corporation, a Japanese company founded in 1912, which provides a wide range of technologies including equipment, systems and services for water, air and the environment. EBARA Technologies, Inc. is a leading global innovator and worldwide supplier of vacuum technologies and advanced wafer-processing equipment for clean environments within the semiconductor industry. EBARA manufactures a full line of Dry Mechanical Pumps, Turbomolecular Pumps for the semiconductor industry's toughest applications, including LPCVD, etch, EPI and Ion Implant. The company's offerings also include a complete line of Vacuum Valves and Fittings, Heaters for vacuum and exhaust lines, Point-of-Use Abatement systems, Ozonized water and gas equipment. Our systems group manufactures Chemical Mechanical Polishers (CMP), Bevel Edge Polishing Systems (EAC), and Through-Mask Plating Systems (ThMP). EBARA maintains a superior sales and support network in the U.S. and worldwide. www.ebaratech.com.

About SEMI

SEMI® connects more than 2,500 member companies and 1.3 million professionals worldwide to advance the technology and business of electronics design and manufacturing. SEMI members are responsible for the innovations in materials, design, equipment, software, devices, and services that enable smarter, faster, more powerful, and more affordable electronic products. Electronic System Design Alliance (ESD Alliance), FlexTech, the Fab Owners Alliance (FOA), the MEMS & Sensors Industry Group (MSIG) and SOI Consortium are SEMI Strategic Technology Communities. Visit www.semi.org, contact one of our worldwide offices, and connect with SEMI on LinkedIn and Twitter to learn more.
